

VIGYANPAN

*Publisher of Conceptual Directories...
A Revolution in Communication...*

Vigyanpan - an unusual artistic and attractive caption, creation of a fabulous imagination, itself is indicative of the creativeness of the entrepreneuring Team. Very few persons are born with sharp intelligence and accomplishment. Endeavour empowers the persons further for progress and achievement. Entrepreneurship is neither a matter of spoon feeding nor a joke. Entrepreneurship is an act in which the person plunges deep into the unknown, unfathomed world with a high ambition and fabulous expectations.

An Entrepreneur is "one who undertakes innovations, finance and business acumen in an effort to transform innovations into economic goods". This obviously results in development of new organisation or business.

Vision perceived by three bosom friends from childhood, Manoj Prusty, Kamalakant Mohanty and Rashmita Mohapatra to stand apart and start their own independent organization under the banner Vigyanpan, became a dream came true on the auspicious 27th October 2002 and Vigyanpan as an innovative media house started functioning from N-4/243, IRC Village, Bhubaneswar - 751003. The struggle for survival and achievement of the goal went on with the support of a handful but devoted workers and investigators with very little finance in hand. Total focus was on Odisha and to search new and hidden concepts for the benefit of the common people.

The Management aims at perfection in every stage of the work undertaken. Accordingly each data passes through strict scrutiny prior to it's inclusion in the directory. Sincerity in efforts resulted in the preparation and publication of seven popular directories, i.e **Vigyanpan's Career Guide, Odisha Rajaneeti, Ama Samayara Shilpa, Health line, A Mirror of Financial Institutions & Banks in Odisha, Fragrance of Odisha and Auto Glamour.**

Vigyanpan Group has recently entered into the world of journalism with the publication of "**Gateway Odisha**", a bi-lingual news magazine, by its sister concern **Maruti Media.**

Another feather added to the cap of Vigyanpan is **MARUTI PRINTECH INDUSTRY**, a sister concern which was set up in 2009 as Pre & Post Press printing house, now located at D-1/2, Sec-A, Zone-D, Mancheswar Industrial Estate, Bhubaneswar. Maruti Printech Industry is a proud member of UCCI & RCCI.

Aims are ambitious and quite high while by the grace of Almighty the achievements are also as per expectations.

In our state the disease burden is high. Particularly maternity, childhood related ailments and in the remote areas communicable diseases are some of the major concerns. Also because of poverty, ignorance, geographic inaccessibility to health care services, shortage of government doctors, we are not able to provide total health care services to all.

Endowed with rich natural resources and cheap labour force, Odisha offers ample scope for industrialisation. But for last couple of years we have seen the worst. A large number of industries had ceased production due to closure of mining. Thanks God now the situation is improving.

Odisha has everything to offer to a visitor except the snow of the Himalays. We have tried to pluck few buds and flowers from the sprawling garden and are trying to spread the fragrance. In the times to come, more flowers will be spread through the pages and we hope, to spread the fragrance around the globe.
